

# Please form a single file line.

All couples/pairs/groups must break into singles.

If we do not honor 6' social distancing requirements, the government will shut us down. The government does not care if you are a couple.

The security person will let you know if there is room inside.

Please hold your ID so security can check it.

Do not touch counters, display cases or product.

We may not have any ill people inside.

The security person will come out and invite customers who pre-ordered online into a separate line inside as soon as there is room.

Thank you for your support and understanding.
